

VICO Series

Premium Round LED High Bay
14,000-32,000 Lumens (100-240W)

Project:	
Type:	

STANDARD

The VICO is a premium round LED high bay luminaire. It is designed to illuminate a wide variety of settings including commercial, industrial and retail settings such as warehouses, manufacturing plants, sporting venues and big-box retailers. With a die cast aluminum housing and clear glass lens, the VICO provides durability and high performance. High-efficacy, long-life LEDs provide both energy and maintenance cost savings compared to traditional, HID high bays.

FEATURES

- Available in 4000k (neutral white) and 5000k (cool white) color temperatures.*
- For models with 120-277V AC input voltage, long-life LEDs provide 141,000 hours of operation with at least 70% of initial lumen output (L₇₀). Models with 347-480V AC input voltage feature L₇₀ performance of at least 205,000 hours.**
- Provides a range of 13,812 to 34,704 lumens.*
- Universal 120-277 & 347-480V AC voltage (50-60Hz) are standard.
- 0-10Vdc dimming drivers are standard.
- Watertight, compression-type electrical connectors.
- Mounting options include suspension from pre-installed mounting hook, yoke mounting, and attachment to electrical conduit.
- Optional, IP65 Merrytek occupancy/daylight sensor and junction box assembly provides a fully-wired luminaire & control package. To order, add the suffix "OS" to your luminaire catalog number (see example below).
- Power factor > 0.90.
- Total harmonic distortion < 20%.
- Color rendering index > 80.
- Die cast aluminum housing, painted black.
- Easy installation in new construction or retrofit.

* Contact factory for other color temperatures and lumen packages.
** L₇₀ hours are IES TM-21-11 calculated hours.

occupancy
sensor

WARRANTY & LISTINGS

- cULus listed for wet locations in ambient temperatures from:
 - 14,000 & 21,000 lumen models: -40°C to 55°C (-40°F to 131°F).
 - 27,000 & 32,000 lumen models: -40°C to 50°C (-40°F to 122°F).
 Note: The minimum temperature for models with occupancy sensors is -25°C (-13°F).
- DLC pre-listed approved.
- IP65 rated for ingress protection.
- Flicker-free per IEEE 1789-2015 (no observable adverse effects of flicker at 100% light output level).
- Complies with FCC Part 15, class B.
- Complies with EN61000-4-5, surge immunity protection:
 - 120-277V models: 6kV.
 - 347-480V models: 10kV.
- 5-year warranty of all electronics and housing.

MOUNTING OPTIONS

- Suspension from pre-installed mounting hook (cast iron M10 eyebolt) with locking set screw is standard.
- Ceiling-mounted installation (using optional yoke mounting bracket, VICO-YOKE-PRM) provides up to 100° of adjustability.
- Two ways to mount luminaire to electrical conduit:
 - Attach conduit (½" NPS) to optional yoke mounting bracket (VICO-YOKE-PRM).
 - Optional pendant snap hook (VICO-PSH-PRM-V2) attaches to electrical conduit (¾" NPS).

DIMENSIONS

Weight: 10.6 – 12.4 lbs.

ORDERING INFORMATION

Example: VICOHBR-14-4K-B-UNV-OS + VICOHBRSN-PSH-PRM-V2 + MWAVEDHS-REM

Premium round highbay, 14,000 nominal lumens, 4000k, black housing, 120-277V, Merrytek occupancy & daylight sensor + pendant snap hook + Merrytek remote control

¹ Color rendering index.

² All 50-60Hz.

³ Total harmonic distortion.

⁴ L₇₀ refers to the number of hours at which lumen output declines to 70% of the initial level. L₇₀ hours are IES TM-21-11 calculated hours.
